Failed egg recovery (plus HFEA fee refund)	410.00
Failed fertilisation/cleavage	360.00
Failed frozen embryo thaw (plus HFEA fee refund)	530.00

## Payment Options

In order to keep costs down, patients are kindly asked to pay consultation fees on the same day. Treatment fees must be paid in full on the first day of monitoring, failure to complete payment at that time may jeopardise treatment. Cash, cheques or credit cards are accepted, personal cheques can be accepted up to the value of the guarantee card. Our preferred method of payment is by debit card (no charge) or credit card (1.5% charge).

In cases where your Health Insurance may fund consultations and investigations, you will need to pay the fees directly to **CARE** then claim the cost back from your Health Insurance. We are unable to negotiate claims directly with Health Insurers.

Please be aware that CARE reserves the right to amend prices without notice. The prices stated above can only be guaranteed where payment has been received in full.

Effective from 1 January 2012
