

Welcome to CARE in Leicester

At CARE we offer you the very best chance of becoming pregnant. Discreet and caring, we treat all our patients as individuals and provide emotional support and guidance throughout your treatment and beyond.

CARE is conveniently situated at The Nuffield Hospital, a modern, well equipped private hospital, in a pleasant residential area only 20 minutes drive from the centre of Leicester. It is easily accessible via the A46 and a short distance from the M1, M69 motorways and the railway station.

We are able to provide open access to the most up-to-date procedures, techniques and comprehensive fertility treatments in partnership with CARE in Nottingham. Consultations, daily monitoring and injections are available in Leicester with patients travelling to Nottingham only for the most complex parts of the treatment.
